

BIG FLYNN MEETINGS

None Ever So Well Attended in Blaine County.

FERGUSON MAKES REPORT

Grimes Figures Flynn's Majority the Biggest Yet

Guthrie, O. T., Sept. 27.—Chairman Tom Ferguson of the Republican territorial committee, has returned from Blaine county, where he presided over two meetings addressed by Dennis Flynn, which he declares were the largest political meetings ever held in that section.

At Okemah, a town of 150 people, the local committee had filled up a harbor which it was believed would hold the crowd. When Flynn began to speak the harbor was filled and hundreds of people were standing outside. The most enthusiastic placed the number of people at 1,500, while the more conservative placed the number at 1,200.

From Okemah Flynn drove to Cooper, where he began to speak at 5 o'clock. The crowd there was estimated at 600 although Cooper is only a postoffice. He spoke until dark and when he tried to quit he was greeted with such a chorus of voices crying, "Go on" that he spoke till a quarter after 8.

Flynn's next speech was at Fay. There he had an audience of 800 people. At every meeting a great crowd greeted him with the remark that they would vote for him this fall for the first time; that they had been induced to believe that his free homes bill was a fake, but since it had become a law, they felt in duty bound to vote for him.

National Committee Chairman William Grimes was at headquarters for an hour between trains. He has traveled considerably over the territory during the last two weeks and the most careful inquiry failed to shake his sanguine belief, that Flynn will be elected by a majority greater than that of two years ago. Mr. Grimes left for Anapahoe for the purpose of interviewing Flynn and to confer with him.

FUSIONISTS DOING WELL

At Last Offspring a Bryan Club at Oklahoma City.

Oklahoma City, Sept. 27.—After several fruitless attempts to introduce fusionists in securing a sufficient number of names to provide officers for a Bryan and Stevenson club. The following are the officers: President, L. M. Lane; vice-president, Albert Smith; secretary, R. A. Kleinschmidt; treasurer, A. C. Jones; executive committee, L. M. Lane, R. A. Kleinschmidt, and P. D. Kynan. As delegates to the national convention of Democratic clubs, which meets at Indianapolis on October 2, Allen Hal, William Cross, and F. V. Brandon were chosen.

JOPLIN HAS BUSINESS VET

Ex-Marshal Nix Says Though Ore Is Low Mining Is Profitable.

Guthrie, O. T., Sept. 27.—E. D. Nix, a former United States marshal of Oklahoma, who is now engaged in the wholesale grocery business at Joplin, Mo., is in the territory on a visit. Mr. Nix said to Joplin during the height of the mining boom and engaged in the wholesale grocery business, which he represents to be in a prosperous condition, despite the enormous output from the best trade conditions at Joplin were stagnant. It is true, he says, that the price of ore is not so high as formerly, but the market is sufficiently strong to make mining profitable.

MAJOR BURKE'S MISTAKE

How It Once Kept Oklahoma's Interests Afloat.

Guthrie, O. T., Sept. 27.—One of the most picturesque characters of the old borders when Colonel Cody was a scout and pony express rider is Major John M. Burke, who has been associated with Buffalo Bill all his life. He has been before the public and who is the best known of all the press agents that visit the newspapers, inviting interest in their attractions. Major Burke is due here now, and when he comes he will meet a number of old friends who will welcome him to Oklahoma reports not for his own personality but because it is due to his own personality.

INTERESTING, IF TRUE.

You Can Try It for Yourself and

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 2,000 grains of meat, eggs or other wholesome food, and this claim has been proven by actual experiment, which anyone can perform for himself in the following manner: Put half boiled egg into very small pieces, as it would be if marinated, place the egg and two or three of the tablets in a bottle or jar containing warm water heated to 85 degrees the temperature of the body and keep it at this temperature for three and one-half hours, at the end of which time the egg will be completely digested as it would have been in the healthy stomach of a hungry boy.

The point of this experiment is that what Stuart's Dyspepsia Tablets will do to the egg in the stomach and nothing else will, and it will not injure the stomach so safely and effectively. Even a little child can take Stuart's Tablets with safety and benefit if its digestion is weak and the thousands of cures accomplished by their regular daily use are easily explained when it is understood that they are composed of vegetable essence, which mingle with the food and digest it thoroughly, giving the overworked stomach a chance to recuperate.

Dieting never cures dyspepsia, neither do pills and cathartic medicines, which simply irritate and inflame the intestines.

When enough food is eaten and promptly digested there will be no constipation, nor in fact will there be disease of any kind, because good digestion means good health in every organ.

The merit and success of Stuart's Dyspepsia Tablets are world wide and they are sold at the moderate price of 25 cents for full size package in every drug store in the United States and Canada, as well as in Europe.

For the information of those interested a little book will be mailed free by adding 10 cents to the order to the publisher, Messrs. A. C. Stuart & Co., Marshall, Mich., giving briefly the symptoms of the various forms of stomach weakness, causes and cure.

ANT-SALOON ACTIVITY

Sleepless Is the Pursuit in the Marriman Case.

PETITION FOR NEW LICENSE

Bitterly Fought—Charges of Violations of Law.

Oklahoma City, O. T., Sept. 27.—The Anti-Saloon league will make another effort to prevent a liquor license being issued to Lawrence Marriman, whose former license was declared void by the supreme court because of the fact that an appeal was pending in the district court. When the decision of the court was announced Marriman filed an application for a new license, whereupon J. L. Brown, as attorney for the Anti-Saloon league, filed a protest with the county clerk. The protest recites in effect that the petition does not contain the required number of signatures; that the applicant is not a man of respectable character, and is not a resident of the territory; that the money is not sought in good faith but is for the use of James Marriman; that the applicant has violated the law in the past by keeping the windows of his saloon screened, by keeping a gambling device in his place of business and by keeping open after midnight and on Sundays.

Choctaw Nation—Over the northern portion rains have placed ground in good condition for plowing and seeding wheat; cotton being marketed at good prices.

Over the middle portion corn is being gathered and cribbed in good condition; cotton picking in progress and crop being marketed with a medium yield; turnips and grass growing fast; stock looking well; sweet potatoes good.

Over the southern portion heavy rains have raised the streams and hindered cotton picking, and will materially reduce the color of staple cotton for the balance of the crop; crop yielding about a half bale per acre.

CENTRAL DIVISION.

Kansas Nation—Gold rains have placed soil in very best condition for wheat; pastures excellent; corn will average forty bushels per acre.

Kay—Wheat coming up in fine condition almost covering the ground; pastures fine; seeding well under way.

Grant—Wheat seeding in full progress, pastures good; corn being gathered; cotton being marketed with a medium yield; turnips and grass growing fast; stock looking well; sweet potatoes good.

Artificial—Wheat seeding in progress; first sown up, and a good stand; some rye sown; ground in fine condition; pastures excellent; corn being gathered; all crops during past season generally satisfactory.

Noble—Rains placed ground in fine condition and seeding nearing completion; cotton picking in progress, yield better than expected; corn being gathered; some hay to cut yet.

Payne—Wheat is coming up nicely; cotton and corn are doing well; rains have made everything look green.

Pawnee—Cooler and showery, all late crops doing well; sweet potatoes peaking and turnips in good condition; stock doing well; cotton picking progressing, fair yield.

Logan—Heavy rains made soil wet to work, considerable wheat is up, stand good, being asked; cotton picking in progress; and yield was sorghum being made; pastures and vegetables looking well, and stock doing well.

Canadian—Farmers breaking ground and seeding wheat, with land in fine condition, much wheat already sown, pastures good, fruit good.

Okemah—Wheat seeding and cotton picking in progress during the week; a large acreage of wheat sown, first sown up, and a good stand; cotton gives an average yield; pastures good.

Lincoln—Heavy rains and some hail have damaged cotton considerably, but placed ground in fine condition for plowing and seeding, and makes late kafir corn good; cotton yield better than expected.

Cleveland—Wheat seeding in rapid progress, first sown coming up well; too much rain for cotton, picking retarded; corn being gathered with a fair yield; stock doing well; turnips poor.

Pottawatomie—Rains most of week, retarding cotton picking, and hay making; cotton yielding very fast; stock doing well, with pastures good; some trees blooming second time; seeding in progress.

Chickasaw Nation—Rains and cooler weather were favorable for plowing and seeding, and good for pastures and stock; cotton picking advanced as rapidly as the weather would permit, the crop ranging from poor to fair yield; corn is being gathered with a poor average yield sorghum good; cotton badly damaged, locally, by rains; fall gardens look all right.

WESTERN DIVISION.

Custer—Ground wet and farm work suspended; late corn growing fine in good stand on wheat seeding, a large acreage has been sown; grass is green; crooks high.

Day—Heavy rain; fall plowing and wheat seeding in progress; late crops maturing fast, and a fine quality; sweet potatoes very good; hay and corn looking in progress.

Blaine—Considerable plowing for wheat done, very little sown as yet; three crops progressing slowly; broom corn ready for market; kafir corn being cut.

Dewey—Cabbage and fall potatoes doing all right; early wheat coming up nicely.

Roger Mills—Plenty of rain; corn ready to gather; kafir corn and late millet about all sown; plowing in progress; sorghum, which was planted in the first of the week, is now coming up well.

Woods—Plowing and seeding in progress with an increased acreage; corn light; sweet potatoes a good yield; Irish potatoes rather poor; vegetables and grass improving; cattle doing well; outlook promising.

Woodward—Good weather for crops; some corn planted and kafir corn sown; sorghum came cutting well along, good crops; hay almost up, grass good and water plentiful.

Beaver—Rain has brought on second crop of forage, which will equal first crop unless damaged by frost.

Creek Nation—Over the northern portion wheat seeding is coming up well, with a good stand; cotton picking in progress with fair results; hay mowing and baling continues; some corn cribbed, good yields.

Over the middle portion storm on 19th damaged cotton and corn considerably; picking delayed by rains, but crop coming in freely; pastures, turnips and top of alfalfa being raised; stock in good condition; sweet potatoes a fair crop.

Over the southern portion cotton picking is progressing, yielding a half crop; rains have made fall pastures good, cattle are looking fine; corn is a good crop.

Over the middle portion rains advanced plowing and seeding; some wheat coming up, the crop is being rapidly sown, corn husking is in progress, and yield is fairly good.

Over the southern portion the rains have caused considerable damage to cotton, and retarded picking; the range is fine, and stock is doing well; too wet to seed.

For Malaria, Chills and Fever

THE BEST PRESCRIPTION IS Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle—hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the **Original** and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.
